

Artlink

Artlink is a visual arts organisation based in Tullyarvan Mill, Buncrana since 1992. Artlink is a registered charity revenue funded by the Arts Council of Ireland and our aim is to promote good practice, excellence and access to the visual arts in a community context. Our programme includes participatory workshops led by professional artists for a wide range of ages and developmental groups, exhibitions in the Artlink studios and in site specific locations. Previously Artlink has completed a number of public art projects, such as 'Art in the Park' ceramic seating and plaques in Swan Park, Buncrana, the Nature Trail in the Tullyarvan Gardens and the Sligo Community Festival seat.
